

AlpineSerenissima

from INNSBRUCK to VENICE – sporty

From the basin of the alpine metropolis of Innsbruck you cycle upriver, into one of the most fascinating regions in the heart of the Alps. The InnRadweg (Inn cycle path) gently meanders, embedded in the amazing Tyrolean Mountain landscape, to the “Obere Gericht” in the district of Landeck.

A sporty, serpentine like ascent of approx. 700 metres awaits you between Pfunds and Nauders by Reschensee lake water reservoir. From there you take the Adige Cycle Path, along the playful river, through the lush fruit growing landscapes of the sun-drenched Vinschgau valley, via the spa town of Merano and the idyllic shimmering Lake Caldaro to the lovely Castelfeder holiday region.

The wine gardens nestle upon the hills around Lake Caldaro, and the South Tyrolean lower land, seamlessly flows into Trentino and its sophisticated capital city Trento. As a reward for the ascent to Alta Valsugana you earn a grand view over the thermal region of the Sugana valley. Brenta river accompanies you along the cycle path almost all the way to Feltre. As soon as you leave the gracious hills of the world famous Prosecco-production area of Valdobbiadene behind, you will cycle through tranquil and historically significant cities like Treviso before you reach Quarto d’Altino. By train you ride directly into the centre of Venice - nothing’s in the way of strolling through the innumerable alleyways and to discover the Serenissima with its many Palazzi and cultural treasures.

Itinerary

Day 1: Individual journey to Innsbruck

Welcome to 3-time Olympic City of Innsbruck. The city in the heart of the Alps is best known as a winter sport destination with special flair but you'll be surprised about the colourful ambience awaiting you in the warmer seasons. So please make sure to take your time to enjoy the cultural variety of Innsbruck.

Day 2: Innsbruck - Landeck (approx. 85 km)

InnCycle Path measures some 500 kilometres from St. Moritz in Switzerland to Passau in Germany. Some of those kilometres you'll ride through the Inn Valley, surrounded by imposing mountain chains. The more or less flat bicycle path leads the way to the famous Cistercian monastery of Stams and then on to the Rafting and Canyoning centre of Haiming. A romantic and slightly hilly ride through a beautiful pine forest will bring you to Imst. Just before Imst, by Roppen you reach a Kneipp water-treading basin Römerbad, where you can cool off your legs on hot days. The farther you ride along the hefty mountain chains the narrower the Inn Valley gets on your way towards district capital city of Landeck.

Day 3: Landeck – Holiday region Lago di Resia & Alta Venosta (approx. 85 km)

Next to river Inn the cycle way leads from Landeck to the so called Oberes Gericht and on to Pfunds. Past Pfunds the cycle way is on Swiss state territory for approx. 10km. From Martina/Unterengadin you'll conquer 400m of height distance along the winding but not too steep road of Norbertshöhe. A short coast down to Nauders is followed by a short and easy uphill passage where you cross the border to Italy at Reschen Pass and with it the main Alpine ridge. You cycle downwards towards Malles past Reschenstausee reservoir with the sunken church tower of Altgraun, one of the most famous photo motifs of Italy. Enjoy the first evening on South Tyrolean soil and enjoy strolling through the old alleyways of the town.

Day 4: Holiday region Lago di Resia & Alta Venosta – Merano (approx. 65 km)

Today you cross the entire Val Venosta. The route leads from an altitude of more than 1,000m down to the town of Merano that is located at an altitude of 350m. Most of the route follows the course of River Adige. From your starting place this pleasant cycling stretch leads down to the smallest town of the Alps, the town of Glorenza. Past the marble town of Laas you get to Naturns and eventually – past the impressive Kastellbell castle – to the spa town of Merano. Enjoy an evening walk through town along the "Passer" promenade surrounded by subtropical flora

Day 5: Merano – Castelfeder Holiday Region (approx. 50 - 60 km)

There is plenty to see along this route: Niederlana's famous Schnatterpeckaltar, the largest Gothic wing altar in the Alpine area, the highest church tower of the South Tyrol in Terlan and a great number of fortresses and ruins on both valley slopes.

After a short stop at South Tyrol's capital city of Bolzano you have a wonderful occasion of refreshing your legs at Lake Caldaro. Today's tour ends at Castelfeder Holiday Region with the towns of Ora, Montagna, Egna and Salorno, which is where the German speaking South Tyrol ends.

Day 6: Castelfeder Holiday Region – Levico Terme (approx. 60 - 70 km)

You should have managed to pick up a couple of Italian words before you continue to pedal on along River Adige to Trento where you see the old town with its Dome and Castle of Buonconsiglio. The sporty highlight today are about 600 metres of altitude difference up to Civezzano and Pergine Valsugana. Just a couple of kilometres more and you reach Lake Levico which will make you forget the struggle ;-)

Day 7: Levico Terme – Feltre (approx. 65 km)

A beautiful tour on a new cycle path from Levico Terme along River Brenta to Borgo Valsugana and Primolano awaits you. From here you have to take a regular road up to Arsie and Fonzaso in order to finish in Feltre, one of the most important historical cities.

Day 8: Feltre – Pieve di Soligo (approx. 50 km or 60 km via Praderadego-Pass)

Today you've got two options. Either you take the hilly but not too exhausting road through the Prosecco-vineyards or you take the sporty road and pass by Lentiai and the impressive Praderadego-Pass (approx. 900 Altitude difference). Pieve di Soligo is definitely perfect to relax after a "harder" day.

Day 9: Pieve di Soligo – Quarto d'Altino/Venice (approx. 65 km)

One last push on the pedals and you will reach the lagoon city of Venice.

And the route there has some real highlights to offer. Shortly after Pieve di Soligo, still in the middle of the Prosecco hills, the imposing Castello San Salvatore towers above you, and after a short, busier section of road at Ponte Priula, you reach the "city of art and radicchio" Treviso.

The last section of the cycle path then takes you to Quarto d'Altino – a small town very close to the original starting point of the historic Via Claudia Augusta.

Here, the bike has served its purpose and you can relax and take the train to Santa Lucia station in Venice, a journey of about 20 minutes. From there, the countless narrow streets leading to Piazza San Marco are ideal for exploring on foot. Of course, a romantic gondola ride could also follow as a reward for the many kilometers cycled...
