

Inn Cycle Route

à la carte

Decide for yourself how big your hunger is to cycle and experience the Inn valley. Up to your whim – or physical condition – you may choose between 60 or up to 160 km. You don't necessarily need to choose from the given "menu".

By comfortable train ride you get to the Tyrolean upper valley which will get edgier the further you go west. Start from Telfs, Imst – the Merano of Northern Tyrol – or from Landeck, Tyrol's westernmost city surrounded by a mountain range. Whichever spot you pick to start from you'll follow river Inn downstream towards Innsbruck.

Lots of nibbles and refreshments await you – inhale the water spray at "Zammer Lochputz" gorge and the Rose garden gorge and spoil yourself afterwards with delicacies of the monks at the Orangerie of the Cistercian monastery Stams.

You'll find many more culinary treats in the alpine metropolis Innsbruck with its fascinating old town before you cycle the lower Inn valley the following day.

A change in landscape will be visible as you reach the wider part of the Tyrolean Inn valley – smoother and lovelier.

Schwaz, Strass in Ziller valley, Wörgl or the fortress of Kufstein could be your "à la carte-destination".

Discover the crystals of the sparkling giant at the Swarovski crystal worlds, roam through the streets of the medieval town Rattenberg or enjoy a great view over the lower Inn valley from fortress Kufstein.

We hope you enjoy your „meal“!
